

How to deposit by Wire Transfer

Which deposit methods EPAY support?

The screenshot shows the EPAY deposit page. The left sidebar contains navigation options: Home, Global Remittance, Wallet, Payment, Deposit (highlighted), Withdraw, Cryptocurrency, Currency Exchange, and Transaction Record. The main content area is titled 'Deposit' and includes a language selector for 'English'. The interface is divided into three main sections:

- Please Select The Deposit Currency:** A dropdown menu showing 'USD Balance: 0.00' with a US flag icon.
- Please Select Deposit Method:** This section has four tabs: 'E-currency', 'Bank', 'Local Currency', and 'Cryptocurrency'. Below the tabs are three input fields:
 - 'Payment Channel : Select' with a dropdown arrow.
 - 'Remitting Bank : + Add Bank Information' with a plus icon.
 - 'Beneficiary Bank of Epay :'
- Please Enter Amount:** A text input field with the placeholder 'Please enter amount' and a 'USD' dropdown menu.

Below the amount field, there are labels for 'Deposit Limit :' and 'Fee :'. A blue 'Next' button is located at the bottom right of the form. A large speech bubble is drawn over the 'Please Select Deposit Method' section, pointing towards the explanatory text on the right.
